Global Happiness Day

Washington D.C.

1st April, 2014

Celebrated in 200+ Countries & Islands

Dhow Palace, Dubai

Editor's Welcome

Global Happiness Day 10th Anniversary

Wow! 21 years of fundraising, especially the last 10 years, have certainly flown by! It started when my son was born blind & the doctors said he'd never see or walk. Back then I was fundraising for 6 Children's Charities & the local Children's Hospital. Later, I remember writing the business plan for the **Happy Charity** and **Global Happiness Day** on a strip of wallpaper, back in 2005 in Sydney with my friend Kurt Olsen.

So much has happened in the past 10 years:

- 2,000+ disabled & disadvantaged kids educated and/or empowered
- 200+ teens mentoring in sports, media & public speaking
- 200+ countries & islands supporting Global Happiness Day
- 100+ disabled & disadvantaged children swimming with dolphins
- 30+ Get Syked Get Happy Seminars to support teachers/parents & teens
- 21 Celebrity Honorees from His Holiness to Her Highness
- 16 Happiness Princesses crowned
- 10 Global Happiness Day Fundraising Events from Australia & Malaysia to the USA
- 7 Global Happiness Day Events in Dubai
- 3 Continents in which we've funded Children's Hospitals ICU Departments
- 3 Happy Hike Fun Runs

All of this was achieved thanks to the skills of individuals with big hearts, big hopes & a compassion to make a difference to those in need of **hope, health & happiness**. It has been a fun ride & each year our **Happy Family** grows bigger with the help & support of more & more corporations. Looking forward to the next 10 years!

Eminem

Eminem knows he is no angel, yet to many he is a **god-send** and an **angel in disguise**.

"Eminem despite his '**bad boy**' reputation is one of the world's most current & creative communicators," said founder Dr. Shelley Sykes during her speech in 2005. Teens can relate to the toughness of growing up in a less than perfect world and he crosses the boundaries of color & creed.

Eminem has been spreading the **Happiness Bug** in his own **unique** way, empowering teens & younger generations desperate to be heard & listened to. Thanks to Eminem's music Rappin Mama created a rap for young teens using the base song sung by Eminem, '**Mama, I Never Meant to Hurt You.**'

Eminem has been helping kids with charity & through music. He was nominated on **05/05/05** in Sydney in his absence at the **Beautiful Ball**.

www.eminem.com

Edward de Bono

Dr. Edward de Bono was honored on **Global Happiness Day 05/05/05** in Sydney for his life-long goal to help people think laterally and improve communication and mental health. His **75** books have helped teachers and scholars to be more positive, productive & passionate about thinking.

Edward was the inspiration to give the founder the desire to go ahead with the charity & to spread the Happiness Bug with the book **The Happiness Bug** & begin the **Global Happiness Day Campaign**.

It is Edward who nicknamed Dr. Shelley Sykes the **Happiness Guru** in 2004 & suggested that she was the ideal person to help teach the **art of happiness**.

Edward has been spreading the **Happiness Bug** with his seminars, books & his own foundation.

Charles is one of Australia's most **famous artists** & one of the world's that is still alive!

He has painted for the **Pope John Paul II**, the **Chinese Government** for their buildings for the **Olympics** & has even designed a **Monk Tibetan Monastery**.

A creative genius with a heart of gold, always supporting charities with his donated art pieces. Charles has been an active supporter of the **Happy Charity** since it's conception.

Charles & his wife Christa were the honorees for the **Happy Charity Award** on **06/06/06** in Sydney. Unfortunately, he was still mid-flight from Europe & couldn't receive his honor personally at the **Catch the Happiness Bug Charity Event** in the **Sydney Chinese Gardens**.

Charles & Crista continue to support the charity when & where they can.

Patch Adams

Patch Adams is the fun, lovable doctor that put **laughter & color** back into hospitals, especially for sick kids. '**Patch Adams**', the movie was released in 1998 & he was played by the comic actor **Robin Williams**, who highlighted the plight many **Happy Helpers** have to go through, to follow their hearts, their intuition & defy what is deemed to be normal!

None of our **Happiness Honorees** are normal! They are the exception and they are the ones that inspire us all to be our selves & trust in our **dreams** & of being the **unique** selves that we are.

Patch was 'anointed' **Happiness Ambassador** by Dr. Shelley Sykes in January 2006 back in Sydney and she was made to stick her finger up her nose to celebrate his honor! On **06/06/06** Patch was spreading the **Happiness Bug** in Columbia with disadvantaged kids on a mountain top, whilst back in Sydney they were toasting his honor.

Patch continues to heal so many people. **We love him!**

www.patchadams.org

Justin Timberlake Michael Jackson

Justin Timberlake was the recipient of the 2007 **Happiness Award** after '**Bringing Sexy Back**' into many peoples' lives throughout 2006!

Relationships are so key to peoples' happiness & with the release of **Sexy Single & Ready to Mingle** book in 2006 to help people feel happier in themselves & about attracting the right relationships, along with Justin's song we all agreed no matter who you are at whatever age, we need to be able to love **ourselves** & allow **others** to love us too.

Justin was honored at the **Sydney Charity Ball** held on **07/07/07**. In his absence, his award was sent to him in the USA.

Justin continues to be a **Happiness Ambassador** spreading the **Happiness Bug** with his scenes in films, his music & his charity work.

www.justintimberlake.com

Michael Jackson is one of the most creative **geniuses** of our time. His ability to move people literally with his music has touched the world. He was truly himself, **unique**.

His songs '**We Are the World**' & '**Black or White**' totally transcends cultures, religions & borders of any kind. We are one people. These songs inspired the founder Dr. Shelley Sykes to create the '**Catch the Happiness Bug**' song, although she loved his Pop songs to dance to!

In 2008 on **Global Happiness Day 08/08/08** at the **Wynn Hotel**, Las Vegas Michael Jackson was the Honoree of the **Happiness Award** for spreading the **Happiness Bug** for his music & charity work. Shelley Sykes founder was there to honor Michael, but at the last minute he was unable to attend & his award was picked up by an aide.

Michael passed on **25 June 2009** and he will be always remembered for **Spreading the Happiness Bug**.

HH The Dalai Lama

His Holiness the Dalia Lama has been spreading the **Happiness Bug** around the world all his life. He is totally aware that people need messages of hope in different ways. His ability to **connect** with people on all levels of their understanding is phenomenal.

HH is a firm advocate that every thing happens for a reason and nothing is ever a mistake. **It just is.** Synchronistically, founder Dr. Shelley Sykes has ‘bumped into the Dalai Lama’ literally on two occasions at two different times on his visits to Sydney, neither of which were at his events & on both occasions they joked & passed comments on spreading **happiness**, even to those that weren’t quite there yet.

On **09/09/09** HH was nominated for his life-long work as a **Happiness Ambassador** & even though he was abroad, his assistant sent a beautiful note of thanks & gratitude.

We were all honored that he was honored!

Oprah Winfrey

We all know **Oprah** from her TV Shows over 30 years that touched us in one way or another, whether it was because she was interviewing our favorite celebrity or touching lifestyle subjects that concerned us **all**. Her passion & skill to draw out the best in her guests allowed her to entertain & teach her audiences, whilst making **billions**.

The **Australian Happy Team** planned to honor Oprah with a **Happiness Award** for her retirement, after years of **Spreading the Happiness Bug**. So it was a great surprise to hear that she was flying over in 2010, for **Global Happiness Day** on **10/10/10**. Unfortunately, Dr. Shelley was flying to America to speak at the **Global Happiness Summit** on the same day as Oprah was flying over with her audience to Australia, so Shelley missed out on meeting Oprah!

Oprah received her **Happiness Award** without ceremony during her full tour round **NSW**. We know she will continue spreading the **Happiness Bug**.

Robbie Williams

Robbie Williams is one of Britain’s most successful Music Artists, perhaps in league with The Beatles! In fact, I personally prefer Robbie’s music over the old icons.

Can you imagine my surprise after having Robbie on my **Charity Vision Board** for over, a year with a note to connect with him to announce that he was named one of this years **Celebrity Happiness Ambassadors** for ability to **Spread the Happiness Bug** worldwide with his music and for his charity work, with his own **Charity Foundation**?

Happy people know that we always meet the right people at the right time. So when I bumped into Robbie in Malibu at a **Fashion Pageant**, I knew it was the perfect time, as this year was our **Happiness in Hollywood Awards Event** on **Global Happiness Day 11/11/11**, being held at Drais top of the **W Hotel Hollywood**. Synchronistically, Robbie has a “crib” in Los Angeles, as featured on **‘MTV Cribs.’**

Robbie has all the traits necessary to be an **Awesome Happiness Ambassador!**

Goldie Hawn

Goldie Hawn grew up only wanting to be **happy** and she broke the mold by making happiness a good thing to be in Hollywood. So it is quite apt that someone who has lived and pioneered **Happiness in Hollywood** be one of the first Celebrity recipients at the first **Happiness in Hollywood Awards** on 11/11/11.

Yet, true to form, we find out that Goldie will be flying back from Europe on **Global Happiness Day**, spreading her **Happiness Bug** from up high.

Goldie not only deserves to receive this **Happiness Ambassadors Award** for spreading her **Happiness Bug** with her happy movies, book and big smile. She is a **fabulous mom** and partner, holding a family together. Her charity foundation, **The Hawn Foundation** does so much good to help educate and help those that are hurting and she truly walks her talk, living life to the fullest. Having fun whilst making a difference.

Ellen DeGeneres

Ellen has spread more happiness in her past 1,400+ TV shows than any other person in this time frame. Her ability to **empower** people through laughter, comedy, TV shows, music & social media is amazing.

Her ability to relate to anyone & knock down barriers to help bring **unity & happiness**, no matter who you are or what you are about, both sexually & emotionally, is a huge credit.

We also love Ellen for loving our Aussie, Porsche, & love Porsche for making Ellen so happy & able to spread her **Happiness Bug** in her unique way.

Together they bring joy & spread **happiness** through living their truth & following their own dreams & passions, having fun whilst still **making a difference**.

They will be honored together at the **Happiness in Hollywood Awards** on 11/11/11.

Will Smith

Despite being known as one of the '**Men in Black**' & being the neighbor of **The Happiness Guru**, Dr. Shelley Sykes, **Will Smith** is known for his passionate & persistent persona. He has spread happiness with his music, movies & mad antics as an example to people around the globe that **persistence pays**.

Will Smith was a young wannabe actor that used to stand outside of the studios **day & night** until the producers called him in to audition for them. He was **Syked Up** to do what it takes to be seen or heard & has never looked back since. He is one of the **hardest-working** actors in Hollywood.

As Will has found out, **parenting** is one of the toughest things on the planet, yet he continues to **excel** as a parent, mindful that his children have their own wills & ways.

Charitable & charming, Will Smith and his family continue to spread the **Happiness Bug** from this planet & out into the galaxies.
